Trouble Ahead in the Congressional Com: mittee

WILSON SAID TO OPPOSE CLARK

Also Underwood-They Favor Johnson to Lead

Washington, May 1.—The calling off of the meeting of the Democratic con-gressional committee Tuesday night at the request of President Wilson, according to some rumors, is the topic of much speculation at the House. The real reason for the postponement is said to be that Representative A. Mitchell Palmer of Pennsylvania, prospective candi date for speaker two years hence, is try-ing to secure the election of a chairman Clark. As a result of yesterday's doing. Representative Ben Johnson of Keutucky, who had been indorsed for the chairmanship by Speaker Clark and Majority Leader Underwood, is gathering his forces together preparatory to fighting the issue to a finish. If it is true that President Wilson is aiding Palmer in opposition to Johnson then there will be a pretty little struggle for mastery, during which it is possible that Champ favorable to him instead of to Champ be a pretty little struggle for mastery, forth that she would declare war against during which it is possible that Champ the little kingdom if Scutari were not Clark may let his simmering bitterness

oil over.

It is explained that the only object the resident may have had in suggesting a strongement, was that some thought of the powers to quicken action.

Inflammatory editorials Tuesday in the control of the powers to quicken action. president may have had in suggesting a postponement was that some thought should be given to a plan whereby the Democratic national committee and the Democratic congressional campaign committee would co-operate in the management of the congressional campaign next

No Need to Seek Afar-The Evidence Is at Your Door. No need to leave Barre to hunt up

proof, because you have it here at home. The straightforward statement of a Barre resident like that given below, bears an interest for every man, woman

or child here in Barre.
C. N. Benedict, blacksmith, 8 Eastern avenue, Barre, Vt., says: "Four or five years ago I had a fall and severely injured my back. From that time on, I was troubled by pains across my loins and kidneys. Stooping or lifting would cause great distress, and I was annoyed on account of lameness and a dull ache across my loins. The kidney secretions also bothered me. They were highly colored and contained sediment. A friend, knowing how I was troubled, advised me to try Doan's Kidney Pills, and I did so. They drove away the misery in my back, regulated the passages of the kidney secretions and improved my condition in every way."

The above statement was given in Sen.

The above statement was given in September, 1908, and when Mr. Benedict was interviewed by a representative on August 20, 1912, he said: "I still use Doan's Kidney Pills, and they do me as much good as when I first recommended them some years ago. They are the best remedy I know of for kidney trouble."

## IN POLICE COURT

Alleged Grafting Inspectors Must Remain in Custody, Supreme Court Decides.

New York, May 1.—Former Police In-spectors Sweeney, Murtha, Hussey and Thompson, on trial on indictments charging conspiracy to obstruct justice, will have to be locked up every night of their trial. The appellate division of the supreme court so decided yesterday in dis-missing a writ of habeas corpus issued in their behalf Tuesday night.

The four inspectors were taken from Tombs prison to the court room, handcuffed to guards, in taxicabs. For a time it looked as if they would be marched through the streets, as there was no van available to transport them. prisoners sent an urgent appeal to head quarters for a patrol wagon and when this request was denied they were al-lowed to procure taxicabs. They cheerfully paid their own fare and that of keepers.

After the appellate division had dismissed the habeas corpus writ, the trial P IN A

was resumed in the supreme court.

In ruling on the application for the release of the inspectors, the appellate judges were unanimous in the that while the statute provided that persons charged with a misdemeanor as the accused officers are may be admitted to bail pending trial, it rests with the judge as to whether the bond shall be terminated when the defendant
